Enhancement of cyber educational system of Montenegro

Dissemination at the Faculty of Business and Tourism Budva

Institute of Modern Technology Montenegro (IMTM)

25th May 2016

Institute of modern technology Montenegro continues to promote Montenegrin Cyber Educational Centre (MCEC) within students at Faculty of Business and Tourism – Budva.

Activities of MCEC have been presented to students at Faculty of Business and Tourism, in Budva, on 25th May. The participants were introduced about main activities and objectives of ECESM project, with highlight on work of MCEC, especially on its Moodle platform, aimed on establishing sustainable cooperation with MCEC for education and training in Cyber security. IMTM representatives presented the content of Moodle platform, information about importance of constant access to materials and need to continually keep their skills related to cyber security sharp and up to date.

Students were very interested in this presentation and gladly accept to create their accounts at Moodle platform of MCEC, so they can access to all materials.

As Faculty has its own distance learning platform, the management were pleased to promote MCEC Moodle on it, and invite all interested students to register on platform and learn more about cyber security. ([LINK](#))

Montenegrin Cyber Educational Center-MCEC

20 MAJ 2016

Svi zainteresovani studenti koji žele više informacija o sajber izazovima, mogu se registrovati na platformu Eduko centra za Sajber Bezbjednost Crne Gore (engl. Montenegrin Cyber Educational Center- MCEC).
