- Massimo Cappelli, Global Cyber Security Center
- Ramo Šendelj, University Donja Gorica
- Ivana Ognjanović, University Mediterranean
- Marko Kääramees, Tallinn University of Technology

The meeting was performed via Skype meeting and as a correspondent meeting over e-mail. The meeting was held on 15th July 2014.

1. Introduction

Marko Hölbl welcomed all members of the Quality Assurance Board (QaB) and informed them about their tasks.

The QaB is a body in scope of the project which evaluated the content outcome of the project:

- the final and possible intermediate deliverables;
- the work related to content that is conducted in each work package.

The member of the QaB were informed that after the finalization of a deliverable and/or work package, a short report on the deliverables and the work of all the contributors has to be produced. It is possible to request changes, supplements or approve the quality of the deliverable.
