- Massimo Cappelli, Global Cyber Security Center
- Ramo Šendelj, University Donja Gorica
- Anđela Jakšić-Stojanović, University Mediterranean
- Marko Kääramees, Tallinn University of Technology

The meeting was preformed via Skype meeting and as a correspondent meeting over e-mail. The meeting was held on 30th June 2016.

Marko Hölbl informed the members of the Quality Assurance Board (QaB) that in scope of the project implementation and applied cost-effective approach aimed on saving funds on travel and other costs that estimated saved funds could be maybe relocated for the purchase of needed additional specialized equipment in the laboratories for Master study in the field of cyber security at the University of Donja Gorica and University Mediterranean. This reallocation could not have predicted in the project proposal. Therefore the members of the Quality Assurance Board (QaB) were asked to express their support and approve the proposed reallocation of funds. The estimated amount saved on Travel and Other Costs is in total 80.000,00 EUR and will be reallocated into to equipment costs.

It was agreed with majority that the Quality Assurance Board members support and approve the reallocation of estimated saved funds from travel and other costs to equipment costs in total of 80.000 EUR, in order to purchase additional specialized equipment in the laboratories for Master study in the field of cyber security at the University of Donja Gorica and University Mediterranean. The necessary additional equipment is needed for implementation of the cyber security awareness, education, training and professional development of experts which is strategic important to establish the higher cyber security in Montenegro.
