Enhancement of cyber educational system of Montenegro

Dissemination at the International Conference ERK 2015 Portorož, Slovenia

Portorož, 22nd September 2015

Report

Coordinator of the project, Prof. Dr. Matjaž Debevc from University of Maribor participated at the IEEE International Electrotechnical and Computer Science Conference ERK 2015 in Portorož, Slovenia and presented the idea and the content of the project ECESM.

International conference ERK 2015 is held every year in September and is the main event for the scientists and specialists in the field Electrical Engineering and Computer Science.

Prof. Dr. Matjaž Debevc gave statements to participants of the conference regarding ECESM project and cyber security. Some of the participants showed interest in cooperation in this field. Staff from SI-CERT (Cyber Security in Slovenia) was also presented at the conference and this was a good opportunity to share further ideas and opinion about the development in Montenegro.
